

SHAMPOO SPRAY FOR FABRICS

- **Foaming detergent for the cleaning of all kinds of fabric and carpet.**
- **Leaves a dry residue which is easily removed.**
- **Slows the re-depositing of dirt.**

SUGGESTIONS

It is recommended to not allow the stain to dry for too long before applying STOFFINET SPRAY.

DESCRIPTION

The cleaning of fabrics often entails a complex process with the use of special equipment.

STOFFINET SPRAY is a foaming detergent for the cleaning of all kinds of fabric and carpet.

It cleans perfectly, leaving a dry, non-hygroscopic residue which is easily removed or vacuumed, guaranteeing the best possible cleaning results.

It leaves a protective film in treated fabrics which slows the re-depositing of dirt.

STOFFINET SPRAY is ideal for various types of fabric: armchairs, sofas, carpets and coverings.

SHAMPOO SPRAY FOR FABRICS
