allegrini
CARWASH & CAR CARE

DEOXIDISING DESCALER

- Acid descaling detergent.
- Guarantees the dissolving of lime scale, rust and oxide residue.
- Recommended for steel, iron, copper, brass and aluminium

SUGGESTIONS

In order to guarantee the best results, it is recommended to use the product in the shade. Avoid contact with unpainted plastic and prolonged contact with glass.

DESCRIPTION

Deposits of ferrous residue such as rust and metallic sludge on bodywork require removal with the use of a specific acid-based product.

DESCAL SUPER is a descaling deoxidising detergent formulated to dissolve lime scale, rust and oxidant residue from car bodywork and car wash systems. This product allows the removal of scale without corrosion from materials such as steel, iron, copper, brass and aluminium. It also removes signs of smog caused by railway traffic from bodywork. DESCAL SUPER is ideal for the removal of lime scale and incrustation from car wash system pipes.
